TAFT PRAISES THE NEW STATE

Governor's Control of Budget, He Says, Will Stop Extravagance.

HOPES SUCH REFORM WILL HIT WASHINGTON

A six year Presidential term, the adoption of a real budget making reform and the extension of the President's power of veto were ardently
favored by ex-President Taft in a lecture

the president Ta adoption of a real budget making refavored by ex-President Taft in a lecture on "The Presidency, Its Powers, Rebilities and Restriction: night at Columbia University.

Mr. Taft gave as his reason for belief in a long single term the increase in ministrative efficiency that would result thereby. He singled out the new Constitution of New York State as the finest piece of work in constitutional ing gesture and snapping jaw he sailed law yet devised, and heaped praise on into the hyphenated ones, banding them the measures which will place in the hands of the Governor full power to hands of the Governor full power to he considered men that supported or initiate the budget of State expenditures opposed political candidates because and take away from the Legislature the religion or creed; outlined his theories

duced to the audience of nearly 2,000 tangle of opposing nationalities dangerduced to the audience of nearly 2,000 tangle of opposing nationalities dangerduced to the audience of nearly 2,000 tangle of opposing nationalities dangerous to the life of the republic.

The Colonel Is for Action. part Mr. Taft said:
"I am strongly inclined to the view
that the term of the President should

be six or seven years and that he should be ineligible thereafter. Such a change would give to the Executive greater courage and independence in the dis-charge of his duties. The absorbing and diverting interest in the reelection of the incumbent taken by those Federal civil servants who regard their own tenure as dependent upon his, would disappear and the efficiency of administration in the last twelve months of a

The great and throughout his address. They were Col. Roosevelt reargued his familiar attention of the American people is the attention of the American people is the method of restraining the extravagance of legislatures and Congress. The people of Columbus constituted one of the or themselves are largely to blame for this, not the people as a whole, but the neonle divided into districts, so that the neonle divided into districts and by his statement that the Knights of Columbus constituted one of the original by his statement that the Knights and by as much money out of the public Catholic citizens. Mgr. Mooney, repre-treasury for their respective districts as senting Cardinal Farley, spoke briefly le, and are prone to decline re- upon the necessity in this country for contest. I haven't time to dwell on the enormous burden that this selfishness of pronounced his tribute to Col. Roosevelt with all possible emphasis.

The Colonel was prompt in expressing

appreciation of what had been said of English Budget System Explained ney. "I don't need any reward." he laughed. Mr. Taft traced the historical growth of the English system of budget making and explained its advantages because the Ministers of the Crown propose the budget and the Parliament has no power in initiating the budget. Continuing he mid:

"I don't need any reward." he laughed.
"Tve had an awfully good time in my life. But if I had wanted a reward I would have had it to-night. I noticed that when I came in the band played There'll Be a Hot Time in the Old There'll Be a Hot Time in the Old Town To-night." That was the song that the best man in my old regiment, Bucky

special and independent in such a case naturally chafes under his inability to put through important bills. On the whole, however, I do not think the country suffers from this in this age and generation when the bane of political and generation was a case of the continuous properties. The true the true the true the true the true the true that the true the true that the true the true that the true true that the true tha country suffers from this in this age and generation when the bane of political methods and the danger to the best interests of the country is in the overwhelming mass of ill digested legislation. We live in a stage of politics where legislators seem to regard the passage of a law much more important than its enforcement.

"The Constitution makes the President's veto turn on the question whether he approves the bill or not," the former President continued "The term 'approve is much too broad to be given the narrow construction by which it shall authorize the President to withhold his signature only when the reason for his disapproval of a measure is its invalidity."

Mr. Taft then pointed out that the sooner he returns to the land to which

"But it is an absolute impossibility to secure such preparedness in full and proper form if it is an isolated feature of our policy," he continued. "The lamentable fate of Belgium has shown lamentable fate of Belgium has shown that no injustice in legislation or success in business will be of the slightest avail if the lation has not prepared in advance the strength to protect its rights. But it is equally true that there cannot be this preparation in advance unless there is a social basis of civil and social life behind it.

"Every citizen should be trained sedulously by every activity at our command to realize his duty to the nation. In France at this moment the workingmen who are not at the front are spending all their energies with the single

ing all their energies with the single plants, on the railroads, in the factories "The strike situation in the United States at this time is a scandal to the country as a whole, and discreditable alike to employer and employee. Any em-ployer who fails to recognize that human rights come first is recreant to his duty us an American citizen. Any employe who acts along the lines publicly adve cated by the men who profess to speak for the I. W.
